FURNITURE COLLECTION

CAPE TOWN, SOUTH AFRICA

THE COLLECTION

klei

The klei collection draws inspiration from the raw beauty of nature and the balance found in organic form.

Each piece is thoughtfully designed to bring a sense of calm, presence and timeless simplicity into your space.

All pieces are made by hand in our studio in Cape Town.

THE PROCESS

Each klei piece begins
as a conversation.

We start with natural
inspiration and organic
form, shaping each design
with intention and balance.

Each piece begins as a
sculpted lightweight core,
before being carefully
refined by hand into its
final form.

Layers are applied, shaped
and refined through a careful,
time-intensive process.

The result is a sculptural
piece with a smooth, tactile
finish that feels grounded,
raw and timeless.

The mark of the hand is not
a flaw – it is the signature.
